

BLOOD PRESSURE FORM

ID NUMBER:

FORM CODE: **BPF**
 VERSION: 1.0 08/26/2024

Event: _____

0a) Date of Collection: / /

0b) Staff Code:

Instructions: This form should be completed during the participant's clinic visit.

Reminder: Participant Safety Guidelines

If the average blood pressure is ≥ 200 mm Hg systolic or ≥ 120 mm Hg diastolic or ≤ 100 mm Hg systolic or ≤ 60 mm Hg diastolic, the coordinator should remove the cuff and reposition per protocol, then remeasure the blood pressure.

If after the remeasure the average blood pressure is still ≥ 200 mm Hg systolic or ≥ 120 mm Hg diastolic or ≤ 100 mm Hg systolic or ≤ 60 mm Hg diastolic, the coordinator closes out the data entry screen, interrupts the visit, and notifies the supervisor immediately.

If the average heart rate is ≥ 100 bpm or ≤ 60 bpm, the coordinator should remove the cuff and reposition per the protocol if using a digital mechanism. If taking a radial pulse, the coordinator should take the pulse again counting the beats per minute for a full 60 seconds.

If after the remeasure the average heart rate is still ≥ 100 bpm or ≤ 60 bpm, the coordinator closes out the data entry screen, interrupts the examination, and notifies the supervisor immediately.

1) Was blood pressure taken from right arm?

- No₀
 Yes₁ → **Go to 2**

1a) If No, please explain: _____

2) Arm circumference:

cm

3) Cuff size [arm circumference in brackets]:

- Small adult [22-26 cm]₁
 Adult [27-34 cm]₂
 Large adult [35-44 cm]₃
 Adult thigh [45-52 cm]₄

4) Respiration Rate:

breaths/min

5) Time first blood pressure is taken:

: AM₁ / PM₂

ID NUMBER:										
------------	--	--	--	--	--	--	--	--	--	--

FORM CODE: BPF
VERSION: 1.0 08/26/2024

Event: _____

5a) Systolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

5b) Diastolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

5c) Heart Rate:

<input type="text"/>	<input type="text"/>	<input type="text"/>	beats/min
----------------------	----------------------	----------------------	-----------

6) Time second blood pressure is taken:

<input type="text"/>	<input type="text"/>	:	<input type="text"/>	<input type="text"/>	AM ₁ / PM ₂
----------------------	----------------------	---	----------------------	----------------------	-----------------------------------

6a) Systolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

6b) Diastolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

6c) Heart Rate:

<input type="text"/>	<input type="text"/>	<input type="text"/>	beats/min
----------------------	----------------------	----------------------	-----------

7) Time third blood pressure is taken:

<input type="text"/>	<input type="text"/>	:	<input type="text"/>	<input type="text"/>	AM ₁ / PM ₂
----------------------	----------------------	---	----------------------	----------------------	-----------------------------------

7a) Systolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

7b) Diastolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

7c) Heart Rate:

<input type="text"/>	<input type="text"/>	<input type="text"/>	beats/min
----------------------	----------------------	----------------------	-----------

8) Average Blood Pressure and Heart Rate

NOTE: 8a-8c will automatically calculate in the DMS.

8a) Average systolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

8b) Average diastolic blood pressure:

<input type="text"/>	<input type="text"/>	<input type="text"/>	mm Hg
----------------------	----------------------	----------------------	-------

8c) Average heart rate:

<input type="text"/>	<input type="text"/>	<input type="text"/>	beats/min
----------------------	----------------------	----------------------	-----------
